***Fort Buchanan Spill Prevention,
Control and Countermeasures Plan***

Fort Buchanan Spills Prevention

Actions to follow during a spill...

**The procedures spelled out in your facility Spill Prevention Control and Countermeasures Plan are your official guide to response to spills, you can follow these general guides. **

— Notify your supervisor, co-workers and others in the area.

In case of large uncontrolled spills, fire or explosions; activate emergency procedures and contact Fort Buchanan Fire Department, dial 787-707-5911 / 4911.

— Do not try to rescue or help injured people unless you are sure you will be safe, keep people out of the area.

If you are not trained, do not try to clean up a spill yourself.

Leave the cleanup to trained personnel, such as the Fire Department Hazardous Materials Response Team .

— Otherwise, use absorbent materials on small spills and leaks rather than hosing down or burying the spill.

— Lay enough absorbent material to prevent the spilled material reach gutters, storm drains and/or watercourses.

— Absorbent materials should be promptly removed and disposed of properly.

— Leave the area if the spill cannot be readily contained, or if it presents an immediate danger to life or health.
In general, evacuate upwind.
